Why Space Pattern Interior Decoration?

We are a multi-discipline design and building company headquartered in Dubai. We provide high quality interior design solutions to leading and cutting edge companies and institutions in the region. Whether you are after commercial, retail, residential or any office solutions we can assist.

Our services

Space Pattern Interior Decoration specialize in the following services for clients:

- * Interior Design: Our expert staff can assist with all aspects of interior design.
- * Project Management: Our experienced project managers can run your whole interior design project and ensure it stays on time and on budget.
- * Turnkey solutions: Sometimes you need a turnkey solution with all the bells and whistles. We deliver these solutions and more to clients every day.

Our Expertise

With a talented workforce of creative interior designers, we create or re-create your expectations into amazing realities with designs. Our experts work on your project and meticulously check the finest details such as proper utilization of space, aesthetics and utility of the area. We provide turnkey as well as customizable solutions to the following:

- * Offices
- * Hotels, Restaurants, Spas and Gyms
- * Retail Outlets
- * Villas, Apartments and Studios

Our Services

Residential

Transform your residential space with our matchless design Concepts! Space Pattern Interior Decoration offers amazing interior designing services across the UAE. With a team of creative interior designers, we create wonderful designs that will win the heart of our clientele. Get that classy look and add the 'wow' factor to your home. We know what you like and get you the best design. We have a one-off approach to each and every interior designing project that we undertake. We assist our clients from conception of ideas till the completion of the project. We are specialized in interior designing projects for studios, villas and apartments

Commercial

Create an aesthetically pleasing ambience we believe that commercial interior designing is all about striking we cover all types of workplaces to retail outlets, hotels to health spas and many more. Our experts visit your place to understand your requirements and deliver the best output making your space look the most amazing among others. Whether you are a company that needs to design an office or a business owner looking for an interior designing service provider, we can assist you. We value our clients and are always available at your service for any kind of commercial interior designing services.

Interior Fitout

Innovation is the key! Interior fit-out is all about space management and functionality ensuring that our clients get superior quality of work at par with international standards at competitive prices. We cater to the fit-out needs of hotels, restaurants, offices, residential and commercial properties. Our experts understand your fit-out requirements and offer you the best solutions as per your need.
